

## New Forest Holiday Lets Statement regarding COVID-19

Last updated: 19 March 2020

We recognise and appreciate the increased uncertainty that coronavirus (Covid-19) may be causing our customers. The situation is changing daily and we will continue to follow guidance from the Foreign & Commonwealth Office (FCO) and The Department for Health & Social Care.

Due to the change in advice regarding any unnecessary travel we fully support any client's decision not to travel to their accommodation and we can offer you alternative dates later in the year subject to availability with no amendment fees.

We would need at least 48 hours' notice and any increase in holiday costs will need to be charged.
